MASSACHUSETTS DENTAL SOCIETY

Note from MDS Secretary Dr. Sathish Palayam: Federal and state antitrust laws prohibit agreements that unreasonably limit competition – for example, that fix prices, allocate territories, assign customers, exclude competitors, boycott or refuse to deal with suppliers or customers, “tie-in” unwanted products or limit output. These topics should generally be avoided among competitors and will not be part of MDS meetings. All members are requested to instruct their representatives on proper antitrust behavior and to report suspected abuses.
